Released by A. Hernandez

The above-mentioned data describe the relevant parameters of the product at the time of issuing this certificate of analysis (CoA). The data is controlled in regular intervals as part of our quality assurance program and is provided for reference only. The contractually agreed quality of the product at the time of passing of risk is exclusively determined by our product specification. Unless specifically agreed by the Parties in writing signed by authorized representatives, no suitability for a particular use shall be presumed or implied based on the CoA and the customer is solely responsible for determining and verifying the suitability of the use of the product for any purpose.

Attention! Please note that the certificates of analysis are also conveniently available on your BASF online portal.
