Material: 97156 - ELEMENT14™PDMS 350EX	Specification : 97156
Customer Material Number :	ELEMENT14*PDMS 350EX/SDR/(200 KG)

This material (s) indicated in this document were made and tested, in accordance with the procedures of Momentive Performance Materials Inc. (including its affiliates and subsidiaries). The specifications indicated in the below test data are available for inspection upon request.

Each user bears full responsibility for making its own determination as to the suitability of Momentive's materials, services, recommendations, or advice for its own particular use. The certificate does not exempt your company from the obligation to inspect the goods on their own responsibility upon receipt. This incoming inspection includes but is not limited to an identity check based on the product name, the delivery numbers, product designation, batch number and quantities and the external shape of the goods, as well as an inspection of the goods themselves for transport damage and obvious errors or defects.

This document is subject to Momentive's sales terms and conditions as applicable in the respective region of sale and available at Momentive's website via momentive.com – Legal Notices
